**Director's Note** ~ It's hard to believe another season of fall theatre is upon us. As the days turn cold, we thank you for allowing us to transport you to the wonderful land of Wonka's Chocolate Factory, home of the Oompa-Loompas, the Chocolate River and the Inventing Room. As Wonka reminisces on his life as a chocolate maker and looks for someone to take his place, we must say good-bye to our very talented seniors, thank them for many, many years of dedication and welcome new members to our cast. This season has been about growing our new and younger cast members and preparing them for larger roles in the years to come. Theatre life is unique and we are blessed with many talented high school, middle school and elementary students who all share the same passion. I am blessed to have worked with so many over the years.

Thank you for always supporting Sparta Theatre. We hope you enjoy our version of *Willy Wonka and the Chocolate Factory*. Let your imagination take you wherever you want to go!

## Senior Thoughts

**Ethan Frey** ~ My favorite role in my time doing theater was Mal Beineke from *The Addams Family*. It was a lot of fun to perform with my brother who played Gomez. For those of you who are in theater, stick with it. Some of my closest friends I've met in theater. Enjoy the show!

---

**Allie Amlotte** ~ My favorite show I have ever been in was *Shrek the Musical*. My favorite roles have been Cinderella and then Ursula. Theatre has given me a community of people who also love to perform. It is a great place to be yourself and grow in confidence. My advice to those still in theatre is to make your part your own. A role is what you make of it, not the amount of lines or songs you have. Never be afraid to be bold and try different strategies to be the best at your role you can be. Every part is important so do your best to work together to make a great production!

---

**Starlight Potter** ~ My favorite show I've been in was *The Addams Family* as Pugsley. I think it really solidified my love of theater and gave me some long-time friendships and memories with people that I'll always remember. Theater has always been my home away from home, and I'm so grateful for the experiences I've had because of it.

---

**Jenna Gardner** ~ This is my second show. Willy Wonka is definitely my favorite show that I have done. Even though I've only done a couple shows, it has been an amazing experience and it is a great way to build friendships with people who you might not otherwise become friends with. If you are even a little bit interested in doing theater, just do it. You won't regret it.

---

**Kathryn Kober** ~ I love theater because of all of the friendships I've made and community I've gained. I am also grateful for the leadership skills and group work skills I've learned as Stage Manager. My favorite show to be a part of was The Little Mermaid during my Freshman year. My advice for those interested in or a part of the theater program is to enjoy it and embrace the amazing community!

---

**Lydia Albaitis** ~ My name is Lydia, and I've been part of stage crew for three years. My favorite show was The Addams Family, but I also love helping out with the middle school productions. If I could give any advice, it would be to try new things and do what makes you happy. I'm excited for a great year ahead!
